

# NGO's Along the Mediterranean Coasts Line

**DROR BOYMEL**

**SPNI**

**NGO's Workshop, Alexandroupolis, February 2014**

# Presentation agenda

- What are NGO's?
- Types of NGO's
- Public-NGO's relations
- Examples from Israel
- Creation of network of “watchdogs” (NGOs)

# NGO's- who are they?

- Countries have different definitions, but usually:
  - promoting an independent agenda
  - using relations with different kind of stakeholders like governmental, economical, civil and others
- NGO's can classified relate to:
  - Orientation- environment, development, human rights, etc.
  - Hierarchy of operation

# Local groups

- Groups of residents interested in specific areas
- Usually, have limited spatial scope
- Many times, have limited agenda scope
- Some local group are instituted

# Our goal: a network of “watchdogs”

Civil society groups

Interested and acts for coasts protection, preservation, etc.

Use public tools such as: campaigns, petitions, demonstrations and struggles, direct actions, professional tools, etc.

**Coasts civil  
“watchdogs”  
network**

# Open questions

- What are the core issues?
- How it will function?
- What will be the network's actions?

**Thank you!**
